

BHUVANESHWARI R

Position : Lecturer

Department : Computer Science

Email : Bhuvaneshwarir8861@gmail.com

Phone : 8861970059

Qualifications:

- B.E in Computer Science and Engineering from The National Institute of Engineering Mysuru/ VTU Belagavi

Experience:

- 1 year Experience As a Technical Staff at The National Institute of Engineering College Mysuru.

Areas of Expertise:

- Programming languages: C, Java and Python
- Data Structure and Algorithm
- Java Script
- HTML and CSS
- SQL
- DBMS
- Operating System
- Networking
- Web Development

Recent Projects:

1. Dairy Farm Management System

The Dairy Farm Management System is a software solution designed to automate and simplify dairy farm operations. Developed using HTML, CSS, and JavaScript, this system allows farm owners to efficiently manage livestock, milk production, inventory, and sales. One of the key features of the system is its ability to generate bills for milk sales, helping farmers streamline their transaction process. The software is user-friendly, fast, and cost-effective, making it an ideal choice for small and medium-sized dairy farms.

2. College Social Networking System

The College Social Networking System is a platform designed to connect college students and staff, enabling them to share information and collaborate within their academic community. Developed using HTML, PHP, MySQL, and Java, the system allows students and faculty to create profiles, post updates, and engage in discussions. Both students and staff can share academic resources, event announcements, and important notices. The platform fosters communication between students and faculty, creating a collaborative environment for learning and development. With an intuitive interface, the system ensures easy access to relevant information for all users.

3. Paintore Art Curation

Paintore Art Curation is a platform built with React and Node.js, designed to help artists showcase their artwork to a broader audience. Using advanced machine learning algorithms, the platform offers personalized recommendations and curated collections to enhance the user experience. Artists can easily upload and manage their portfolios, while art enthusiasts can explore a variety of styles and genres. The combination of modern technology and creative expression makes Paintore an innovative space for both artists and art lovers.

Industry Certification:

- 1.React Course Certification From **INTERNSHALA**.
- 2.Web Development Certification From **Savitar technology Pvt ltd**.
- 3.IOT Course Certification From **NPTL**
4. Fundamentals of Java Programming From **Coursera**

Achievements

1. **NCC Cadet with Sargent Rank Holder**
2. **NSS Cadet**
3. **Athletics Winner at Inter College Competition**
