Recent Research/Projects:

- Representation of Race and Gender in Select Jazz Films: The Lingering Colonialist Sensibilities:-

The project has been done as part of my post graduation studies. It is a research about how the race and gender are portrayed in the select jazz films. I have selected the films Born to Be Blue, La La Land, Low Down and Whiplash for this project.

- Racism in Solomon Northup's "Twelve Years A Slave" and Toni Morrison's "Jazz".

The project has been done as part of my graduation studies. The sufferings faced by the Africans or African Americans because of racism has been studied.
